

Waves and Sound

Term	Definition	Picture	Symbol	Other
pulse				
wave				
period				
frequency				
wavelength				
crest				
trough				
amplitude				
equilibrium				
medium				
transverse wave				
longitudinal wave				
Wave Speed				

standing wave				
node				
anti-node				
Doppler effect				
sonic boom				
resonance				
natural frequency				
forced vibration				
interference				
constructive interference				
destrutive interference				
beats
